FUGITIVE THOUGHTS ON AGRICULTURE. NO. 3.

Land is the source of life; out of it we come, into it we shall go. "The profit of the earth is for all; the king is served by the field." The farmer is the agent and minister of this common parent, this generous but severe mother, and holds the keys of her store house. Everywhere in great nations the management of land is the favorite occupation of the cultivated, the refined, the rich and the noble. The most eminent men in our own history have been farmers, and have given celebrity to the soil of Mount Vernon, to Ashland, the Hermitage, Monticello and Marshfield. No other occupation of industry is thus distinguished by the preference of the most gifted and eminent of all ages and nations.

"Would you be *strong?* go follow you the plow;
Would you be *thoughtful?* study fields and flowers;
Would you be *wise?* take on yourself a vow
To go to school in nature's sunny bowers:
Fly to the country—nothing there will harm:
Seek Wisdom Strength and Virtue on a farm."

—"What should boys learn?" was asked of ARISTIPPUS "That which they must practicize when they become men" was the answer.

"To know
That which before us lies in daily life
Is the true wisdom."

—The soil is the true source of all wealth comfort and luxury. It is the grand exchequer of the world that honors all drafts, however large. Like the widow's cruse, it is always ready to supply our necessities.

——It is indeed a rigorous law that man must labor; that by the "sweat of his face" he must earn his daily bread. The wants of man, that by the constitution of his nature, are many, cannot be satisfied in any way else but by labor. Man labors therefore, because it is necessary that he should do so, but the power which establishes the necessity, parental even when it chastises, has so ordained that his happiness shall spring from that which would appear to be his misfortune. As he labors and produces, and still further exercises his skill and ingenuity upon the raw material, making new fabrics for his comfort and enjoyment, in the same proportion is happiness increased. The law of our Creator is the law of our being, and as we approximate to its requirements, no matter how burdensome they may seem to be, so much nearer do we reach the perfection which is the only true happiness here, and leads hereafter to that land of

"Sweet fields arrayed in living green,
And rivers of delight."

——If he who tills the soil would do so with success, he must consult the man of science who has analyzed its parts, and who alone can fully instruct him how and when his labor must be conducted. The man who is bronzed with daily toil, and the pale faced student of chemistry, are equally dependant on each other; the one for food and raiment, the other for the knowledge how to produce it. Of what use would be the fleece of the sheep, or the cotton of the field, without the loom of the Manufacturer or the genius of the Mechanic? The interest of these three industrial departments are so bound together that the advancement of the one is followed by a corresponding progress of the other.

NOT SO OPPRESSIVE AFTER ALL.

Governor KELLOGG found the State tax when he came into power twenty-one mills per $100. The last Legislature reduced the tax to fourteen and a half mills per $100. He has largely reduced the State debt, and through the action of the courts has relieved the people from the burden of fraudulent bonds issued by former reckless administrations. The good people of Louisiana may call this oppression, but up this way we could endure it without complaint. If the citizens of Louisiana had tried half as earnestly to make Kellogg's administration a success as they have to make it a failure they would have had a first-class government to-day.

How true is the remark of a recent author that the world isn't made for the unfortunate or unsuccessful. In general the instincts of society is the same among men as among animals—anything sickly or maimed is to be fought off and got rid of. If there is a sick bird all the rest fly at it and peck it to death. So in the world, when man or woman does not keep step with respectable people the first idea is to get them out of the way. We can't exactly kill them, but we can wash our hands of them. Saving souls is no part of the world's work—it interferes with its steady business—it takes unworthy people to do it.

Senator SHERMAN reports that the political canvass in Ohio is advancing in a way that is satisfactory to the Republicans, and that their success on the 13ht instant is absolutely certain. It is believed that the Democrats will lose many votes on account of the financial inflation argument urged by some Democratic papers. The Republicans, he thinks, will probably lose some Congressional districts, but gain others; and will have as strong a Republican delegetion in the next Congress as there is in the present one.

It is no nugument against education to say that some men have got along well enough without it, or that others have used it to harm their fellow men. In answer to the first it may be said—"a blind pig can find an acorn sometimes." To the second, that you might as well say that we would be better without a press, because immoral and obscene books are sometimes issued from it; or that religon is not good because ministers sometimes do badly.

We hold that the school laws should be as condensed and simplified as possible. They are for plain men and not for lawyers to administer. They should never be complicated or obscure, but equal and just, and simple in their provisions. They should never be left for the construction of courts; and the public money and taxes dedicated to the education of the children of the citizens should not be withdrawn from the school to be expended in litigation.

RUNAWAY STEERS IN NEW YORK.—The wildest excitement was created in the down town streets of New York, on Sunday evening last, by the appearance of several wild steers, who had broke away from their drivers at Forty-second street and Sixth avenue, and who rushed furiously along the thoroughfares, tossing with their horns men, women and children, and otherwise proving themselves most unruly visitors. Several persons whre seriously injured, but perhaps the most dangerous feature in the whole proceeding was the recklessness with which pistols and other weapons were discharged at tha animals while they were in the midst of the crowds that congregated around them. The excitement of chasing these animals continued from seven till midnight. Several of them were shot, and others were drowned in the rivers. One boy was shot in the head and a police officer in the thigh. These cattle come from Texas, and being much crowded in the cars, are almost crazed on being liberated, so that the driving of them to the several abbatoirs and cattle sheds is attended with considerable risk as the above incident shows.

WHAT HE SAID AND WHAT SHE SAID:—What he said: "Sophia, believe me when I say (confound the mosquitoes) that you (they're biting right through my bankerchief) my future will be a bright (and I shall be all over lumps in the morning)."

What she said: "Angelo, I can only say (gracious how I'm suffering!) that I have always thought well of you, and that (I'm bitten nearly to death) if you were willing to take me with all my faults (there must be a million of 'em), the words you have uttered (they're going right through my shoes) make me yours until death."

The winding up of the affairs of the Feeedman's Bank proceeds very slowly, and the Commissioners cannot tell when the dividend will be paid. They have only $45,000 in the treasury, and $600-000 are required for a dividend of 20 per cent., but collections are slow and very small. The Commissioners have decided to close up the branches at the end of the present month, which will effect a saving of $100,000.

The greatest distress prevails among the quarrymen in the neighborhood of Bangor, in Wales. About 3,000 men employed in the state quarries of Lord Penrhyn struck for higher wages some weeks since. Lord Penrhyn refused then to accede to their demand, and has just declined to submit to an arbitration a proposition which had been made on behalf of the quarrymen.

The estate of a decedent in Bedford county, Pa., is to be somewhat widely scattered. The amount to be distributed to the legatees is $4,036,14, in sums ranging from $9,40 to 221,23. Several of the old puritanic laws remain unrepealed on the Connecticut statute books, and if anybody takes a ride on Sunday, except for charity or necetsity, he is liable to fine of from $1 to $4, while the man who lets a team may be forced to pay a fine of $20. "Blasphemy against God, or either of the persons of the Holy Trinity, or the Christion religion, or the holy scriptures," is still punishable by a fine not exceeding $100, and inprisonment in a common jail not exceeding one year.

The State of Vermont is occupying a very proud financial position, being free from a public debt, or having on hand more than enough cash to meet all its liabilities. Last year, says the Vermont *Chronicle*, the balance of liabilities over assets was more than $100,000. It has been overcome, and there is now a balance of assets of upwards of $20,000. Some $50,000 of its bonds are not due till December next, $110,000 are not due for two years, and $65,000 are not due for four years. The holders like to keep them, and it is next to impossible for the treasurer to buy them in.

A writer in the St. Pauls *Press* tells a new story of Horace Greely. Horace wrote a note to a brother editor in New York whose writing was equally illegible with his own. The recipient of the note not being able to read it, sent it back by the same messenger to Mr. Greeley for elucidation. Supposing it to be the answer to his own note, Mr. Greeley looked over it but likewise was unable to read it, and said to the boy: "Go take it back." "What does the damned fool mean?" "Yes sir," said the boy, "that is just what *he* says."

Whatever judgment the world at large may have placed upon his character, it is evident that Mr. Beecher has the esteem and confidence of his congregation. He appeared at his regular Friday night prayer meeting and received a hearty welcome, the audience breaking through the proprieties of the place in a storm of applause in order to testify their pleasure at his return. The place was densely crowded, so much so that ladies were borne out in a fainting condition. A number of the members of the Beecher family were present, the the investigation committee and others.

Bal. due on School Fund 395,31
2,474.02 2,474.02

It will be seen that the above balance of 395.31 is due and payable to the incoming Board of County Commissioners net; all commissions being deducted therefrom.

Upon examination of the books & vouchers as Thomas P. Wilcox County Treasurer, we find that he is properly chargeable with am'ts of above received from

Sheriff from taxes 11,417.41
Also for amounts rec'd from State for lunatics 295.00
Rec'd from W E Vaughan, an Probate Judge for tax on deeds 39.00
Rec'd from J T Price Register for tax on marriage licenses 40.32
Rec,d from R A Sawyer, for rent 7.50
Co orders issued this day erroneously 7.6120
For the settlement of which he has placed in our hands this day and we have cancelled & filed Co orders amounting to 11,477,13

For am't rec'd from State 137.00
For am'ts rec'd from B C Brothers former Treas. 287.00
And he has handed over to this Com for cancellation School orders 1872.82
5 per c. com. on 2,055,44 ..... 10?.77
do do on 395.31 due 19.56
by Sheriff. 2,055.44 2,055.44

Is will be seen from the foregoing, and this Committee's report, that Eleven Thousand Four Hundred and Seventy-seven dollars and Thirteen cents ($11,477.13) of County Orders, Bonds and Coupons have been received and cancelled by them and filed for the examination of the incoming Board and that One Thousand Eight Hundred and Seventy-two dollars and Eighty-six cents ($1,872 86) in school orders have also been received and cancelled by them, which are also filled by them for future examination, also that the Sheriff still owes to the School Fund in cash the net amount of Three Hundred and Ninety-five dollars and Thirty-one cents ($391.31). In other words the actual receipts and receipts for the County for the year 1873 is 14,745.30 as above, all of which is accounted for and settled as aforesaid except $395.31 still due by the Sheriff as aforesaid.

The Committee further report that they have also carefully enquired into the present outstanding debt and liabilities of this County and is doing so their reckoning is up to and including this date.

The total amount of Jury Tickets as appears by the uncancelled stubbs is $31.00
The total amount of County Orders as appears by the uncancelled stubbs is 5,871.05
Total outstanding Orders and Jury Ticket 6,702.05
Besides the above it is estimated that the outstanding bonds and coupons amount to 1,500.00

Showing total liabilities to September 7th, 1874 ..... 8,202.05

The Committee further show that the tax assessment for 1874, the list of which is now in the Sheriff's hands for collection, with special and other taxes for 1874, will aggregate about what it was last year, say in round numbers 12,000 00, which will be sufficient to pay the said outstanding debt of 8,202.05 in full and leave a surplus of 3,797.95 to be applied to the current expenses of the fiscal year ending September 1875.

The balance of 395.31 due by the Sheriff as afresaid to the School Fund is amply enough to pay all outstanding School orders of every kind, in cash, and have a surplus in favor of that fund of at least 250 dollars in cash today.

Your Committee, believing that they have made a fair and truthful report, invite public investigation of the same.

Appended hereto will be found memoranda of the outstanding liabilities above reported:

Respectfully submitted,

J. S. WILCOX Chm'n

Total 6500.66

Since the above was footed up B. C. Brothers has settled his debt due the County as former Treasurer in orders amounting to 233 dollars and 21 cents, and Thos. P. Wilcox Treasurer has paid full balance due by him with orders amounting to 391 dollars and 40 cents which two amounts making 629 dollars 61 cents, deducted from the 6500 dollars and 66 cents just referred to leaves the actual outstanding County orders to be 5,871.95.

This certifies that the undersigned Committee of Finance of the County of Pasquotank have carefully examined the books and accounts of Thos P. Wilcox Treas rer up to and including this date and we find as follows That he has received from Jno L Wood, Sheriff the entire net taxes listed and otherwise Eleven Thousand Four Hundred and Seventeen dollars and Forty-one cents (11.417.41) from the State for lunatics net Two Hundred and Ninety-five dollars [295] from W. E. Vaughan, Probate Judge for tax on deeds Thirty Nine dollars [39] from Jno T. Price Register of Deeds for tax on marriage licenses, Forty Dollars and Thirty-two cents [40.32] and from R. A. Sawyer for one quarter rent of house Seven dollars and Fifty cents (7.50) total of this fund 11,769.23. We also find that the Sheriff was responsible for the net am't of Two Thousand and Twenty-six dollars and Seventy-five cent and that he has paid in part of the same 1,631.44 which said Treasurer fully accounts for, he has also received from the State of North Carolina the sum of One Hundred and Thirty-seven dollars [137] making a grand total of receipts of Thirteen Thousand Eight Hundred and Fifty-four dollars and Forty-four cents [13,854.67] all which less his commissions of five per cent said Treasurer has fully and fairly accounted for and an settled.

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

NORTH CAROLINIAN

WEDNESDAY, OCT. 14, 1874.

☞ TO NORTHERN VISITORS. ☜

Elizabeth City is 50 miles South East of Norfolk, Va. Parties coming here from the North should take passage on the Bay line steamers which leave Baltimore at 4 P. M. every evening, and arrive at Portsmouth the next morning in time to connect with the Elizabeth City Steamers.

THIS WEEK'S ADVERTISEMENTS.

A Fortune for $1.
Grand Gift Concert.
Reward.
Annual Meeting of Dismal Swamp Steam Transportation Company.
Finance Report.

Local and Personal.

☞ Gold at New York 110, cotton 15¼c. At Norfolk cotton and corn unchanged.

☞ The proverb "It is never too late to mend," needs mending. It is not too late to-day to mend, tomorrow it may be.

☞ We call attention to the Report, in this issue of our paper, of the Finance Committee showing the receipts, expenditures & outstanding debt of Pasquotank county for the fiscal year ending September 7th 1874.

☞ Owing to an accident, the Steamer from Norfolk, due on Saturday evening, did not reach here until Sunday. Every day more clearly demonstrates the necessity of better and quicker transportation.

☞ The Premium and Award list &c., is published on our first page this week. Let no one conclude because an article is not named in the list it will not be received. The larger the variety the better, and everybody is invited to bring whatever they can.

☞ It was a favorite axiom of SAM PATCH that "some things can be done as well as others." Let us, one and all, demonstrate the truth of this by making the Fair this year even better than it was last. Let everybody "roll up their sleeves" and work for it.

☞ MR. HENRY D. KIPP, a Northern gentleman of enterprise and experience, purchased some time ago a large timber tract bordering on the River in Camden. He is now here with machinery and is about to erect a large Mill for the manufacture of lumber. We wish him success.

☞ The Executive Committee of the Agricultnal Society will meet at our office on Saturday next at 3 o'clock P. M, for the purpose of selecting the various Judges and Committee on Premiums and Awards. All who feel an interest are cordially invited to be present, including those from neighboring counties.

☞ A cotemporary deserves the respectful sympathies of all gentlemen who give out their washing. He says: "It is awfully annoying to have some other fellow's clothes left in one's room by the washer-woman. Saturday we put on another fellow's shirt, but couldn't wear it. Although it was ruffled around the bottom, the sleeves were too short to button cuffs on, and there was no place for a collar."

☞ Our friend GEO. D. POOL, Esq. has left at our office a sample of a new variety of cotton, the seed of which were sent to him from the Patent Office. This cotton is called the "Peeler Upland," and is superior in length and firmness of staple, to any cotton we have ever seen. It also promises to yield at the rate of 2,000 lbs of seed cotton to the acre—which is more than double the ordinary yield of good cotton.

☞ An exchange truly says that it costs less than a cent a day to take a weekly paper—less than a diligent hen would earn in a year at the market price of eggs; less than one cigar a week, and a very cheap one at that; less than a barber would charge by the year to keep one's hair trimmed; less than a good thanksgiving turkey; less than a seat one night at the opera; less than an energetic kitchen girl will waste in a week. A penny a day can be saved in many a way better than stopping a family paper.

☞ Town and County orders are at a discount of from twenty-five to thirty cents on a dollar. Is there no way to remedy this? We believe there is. Both ought to be par. An order requiring all town and county taxes to be paid *in money*, would be one step towards it. Are the people prepared for such an order? As it now is, a large proportion of town and county taxes are paid in orders for which only from *seventy to eighty cents in cash are paid.* And this will continue just so long as taxes are allowed to be paid in this way. Are the people ready for a "new departure?"

☞ The Managers of the Albemarle Agricultural Society are making every preparation for a full and complete exhibition of all of the Departments incidental to a Fair. They desire to see the Society permanently established and an important step in that direction is to *Own the Grounds* upon which its Fairs are held. And this is the wish of all our enterprising and liberal minded people As before stated, not a dollar of its funds are squandered, not a cent foolishly wasted. No salaries are paid its officers. All the receipts over absolute expenses are to be appropriated in purchasing the grounds. To increase this fund, at the advice of prominent citizens whose judgments are worthy of consideration, there will be no money premiums, excepting for stock and trials of speed, paid out this year. A neat Diploma will be substituted. Being an official certificate of the best article exhibited, it will be valued more than twenty-five and fifty cent premiums because it can be kept as a *souvenir* of the Fair of 1874. And the people, once understanding that the object is to raise money enough to buy the present beautiful location, to be the property in fee of the Society, will be more liberally patronize the Fair.

☞ The Albemarle Agricultural Society is an institution expressly devoted to those practical subjects which concern the Farmer, the Mechanic and the Manufacturer. The interest it seeks to promote are common to all the people. The objects of its Fairs are not only to interest and instruct, but to develope our resources and to cultivate our self respect. They exemplify what can be done by judicious perseverance and industry and prove examples for the imitation and instruction of all who would be wiser in their vocation.

☞ It is gratifying to know that the ladies, God bless them always, are interesting themselves to fill up their special Departments at the Fair. It is to their busy hands and exquisite taste that all exhibitions of this character are indebted for their greatest attractions, and to be assured of their hearty co-operation on the occasion is a full guarantee of success

"Hail, glorious woman! as the sun,
Careering in its noonday height,
Outshines the stars, the morning one
And all the galaxy of light,
So glorious woman, brightest best,
Of *all* God's works outshines the rest."

☞ The bridge leading from Shepard Street, over Charles' Creek, at this place is the longest bridge in the county. It has been an expensive one and as constructed will always remain so to keep it in repair. It now requires new plank in addition to new timber. Parties interested also demand a "draw," which the law compels the authorities to make. As this has got to be done and the bridge repaired it has been suggested to make the improvement a substantial one. The bridge is about 200 feet long. It is proposed to fill up at both sides of the creek and shorten the bridge to about 50 feet—thus reducing the plank surface three fourths. If this is done a solid bridge can be made and it can be kept in repair at a trifling cost.

☞ Applications for relief have been multiplying—and as cold weather approaches they will increase—that the County Commissioners have decided to make more room at the Poor House where all indigent persons—those the county must provide for, can be taken care of cheaper than in any other way. That the poor—those destitute of the means of supporting themselvs, should, nay *must* be provided for at the public expense is conceded, but that this provision should be made with as much economy as possible is equally true. Hereafter all applications for aid must be made through the Magistrates of the township in which the applicant resides. If, on examination, the Board are satisfied the case is a proper one a certificate will be given admitting the party to the Poor House. All other aid and "benefits" will be discontinued. This will save hundreds of dollars and at the same time provide ample provision for the poor of the county.

☞ The NORTH CAROLINIAN is primarily a *local* newspaper. It is especially devoted to the interests of the Town, the County and the District. Of course all subjects of public interest are discussed and a summary of the current news of the world given, but, as "in duty bound," it has more to say in behalf of matters and enterprises calculated to benefit this Albemarle country. And for this reason we appeal to the people—those who feel an interest in the progress of local improvements and who desire to keep fully posted in "home affairs" to give it a liberal support. Already it has wielded an influence for good far greater than any other agency since the war. Its power in behalf of all our material interests—agricultural, mechanical commercial, educational, *everything* —can be increased by securing for it a larger and more general circulation among the masses. It would benefit them by inciting to increased effort, creating a desire for investigation, leading to the adoption of improved methods in the management of rural and domestic affairs. It is not egotism prompting us to thus write, for such is the influence of good newspapers everywhere, and that the NORTH CAROLINIAN *is* a good paper is admitted by all who read it.

☞ We learn that there is some misapprehension as to what is expected at the Fair from those who exhibited articles last year. The fact that an article was placed on exhibition last year is no reason in the world why the same should not be entered this year, for it will be remembered that the rain and storm closed the Fair before the Committees and Judges could examine and report. The Managers earnestly request all who so liberally carried their nice things of various kinds and put them on exhibition last year will not fail to re-enter them again, adding as many more articles as they can. A new building—one that will protect them from the weather, is being erected and more room provided for a larger display. The ladies were highly complimented on their elegant and superb productions last year, but unfortunately the inclement weather prevented two thirds of the people from seeing them. This year it is to be hoped the weather-gods will smile upon the efforts being made, and if they do, the largest crowd of people ever assembled in Eastern North Carolina will be on the Fair Grounds. Hence we repeat, let every article entered last year be entered again, and let as many additions be made as possible.

Whitingham, Vt., is exercised over a fresh outbreak of "spiritual manifestations." The windows of the Rev. N. D. Sherman's residence are mysteriously covered with etchings of a strange variety in which believers see the portrates of dead friends. The windows in the house of his son-in-law, near by are also being covered, and great numbers of people flock to see the phenomena.

THE CANT OF IMPOSTERS—It is obvious that physical and constitutional vigor is the best defense against disease, that even the vendors of drastic purgatives advertise them as tonics, stomachics and invigorants, in the hope of enlisting the confidence of the public in the devitalizing and pernicious portions It is amusing to note how these impostors imitate and copy the language in which the medicinal properties of Hostetter's Stomach Bitters are described Although the effect of their rasping evacuants is to destroy the tone of the digestive organs and the bowels, and to rob the system of its vital strength, they are unscrouplously recommended to the weak and prostrate victims of disease as stimulants! It is time this humbug (not a very successful one it is true, thanks to the mature common sense of the American people) was stigmatized as it deserves Such mischievous falsehoods should be exposed pro bono publico Hostetters Stomach Bitters, be it distinctly understood, is a stimulant It has a spirituous basis, and that basis is the vehicle which diffuses its wonderful sanitary principles through every part of the system The tonic, alterative and regulating ingredients of the Bitters would be comparatively inert if they were not, so to speak, carried to the localities where they are required by the stimulating agent The cant which protests against the use of a pre alcoholic fluid, when employed as a means of giving full effect to medicinal extracts of the highest utility, is the cant of charlatanism Every intelligent physician so characterizes it, and the sick who are griped, convulsed and debilitated by the nauseous and disgusting nostrums of the parties who put it forth soon find to their sorrow that it is a delusion and a snare Hostetter's Bitters, the great sanitary stimulant of the age, is, in the truest sense of the word, a wholesome, vitalizing, renovating preparation.

THE DAILY GRAPHIC

The only Illustrated Daily Newspaper in the World.

With its issue for March 4, 1874, THE DAILY GRAPHIC entered upon the second year of a career phenomenal in the history of journalism. Its story of a twelvemonths has been a steady and unquestioned growth in popular acceptance as the most original, artistically luxurious, and wonderfully comprehen-ive metropolitan journal ever published in the United States.

As a brilliant novelty, the whole country has confessed its unique attraction; as a practical and marvellously complete Newspaper, it has become a daily necessity to the social and mercantile interests of one of the largest permanent constituencies ever attained by a journalistic enterprise in the same period, while its great specialty, beyond all actuality or hope of competition, as

A SUPERB PICTORIAL MIRROR

DAILY HISTORY,

has been the wonder, delight, and new education of individuals and homes in every State of the Union. In the very idea of such utilization of the finest pictorial art, for every day's information and reflection, there is all the charm of a romance; and the realization of that idea, made visible in THE DAILY GRAPHIC, is a practical and ever-varying assimilation of the most fascinating Ornament with the commonest Use which never palls upon even the most pampered taste. From the first issue the successive multitude of its pictures has been a perfect study of mechanical and journalistic development; the inevitable early imperfections of artists and others, not yet thoroughly trained in the new process, disappearing steadily in an as steadily increasing accuracy and beauty of artistic effects. Indeed this very illustration, from day to day, of the Times, spirit of progress in Art, as well as in Events has been an added and piquant interest, which is yet to be maintained for the public by unending future "Graphic" improvements. Scarcely more, however, for its beautiful portraits, trenchant cartoons, vivid news-etching, and unequalled reproductions of the world's choicest works of art, than for its unrivalled attractions as

A MODEL JOURNAL

NEWS, SOCIETY, AND LITERATURE. has THE DAILY GRAPHIC been nationally recognized and popularly welcomed. Its genuine editorial independence, wide sweep of intelligence, ever-varying department of literary and persona interest, sparkling correspondence and pungent criticisms, make it as much a favorite in the sanctum of the great Western or Southern or Northern newspapers as in the counting-room and the family circle.

The DAILY GRAPHIC is an Eight-page Paper, published every afternoon (three editions), in time for the early mails to all parts of the country.

THE DAILY GRAPHIC has a larger average circulation—more copies printed and sold each day—than any other evening paper in New York excepting only the [penny] *News.*

THE DAILY GRAPHIC is a great newspaper, as well as the only illustrated daily paper. It has special correspondents everywhere, and it has a larger staff of writers and news-gatherers than any other evening paper in New York.

THE DAILY GRAPHIC is preserved for binding by hundreds of its readers in city and country. The annual subscriber gets a Pictorial History of the Year, a volume of twenty-four hundred pages, constituting a valuable record of events and a graphic panorama of our time and progress.

TERMS.

To Mail Subscriber..... .....$12 a year.

☞ New subscribers wishing to take THE DAILY GRAPHIC on trial, may send One Dollar and receive the paper four weeks. (Only One Dollar for a superb portfolio of illustrated news and literature, making upwards of two hundred large quarto pages, the whole equivalent to a volume of eight hundred pages, magazine size.)

TWO AMERICAN MAGAZINES.—

The excellence of AMERICAN MAGAZINES he become so well recognized abroad that one of the leading English Papers, the LONDON WEEKLY REGISTER, in a recent issue, thus speaks of SCRIBNER MONTHLY.

"We are constrained to own that SCRIBNER'S MONTHLY carries off the prize against all shilling monthly serials for brilliancy of illustrations and variety of contents. It is simply a wonderful shillen's worth. Nothing can be more charming than the cuts,—full of force and vigor; the light and shade are managed with a truly artistic power. Out of its one and twenty original articles, we really do not know which to choose as best, for each and all are excellent."

Not only is it true that Scribner's Monthly excels the English Magazines, but it is "The Best of the American Monthlies."

In the extent, variety and artistic excellence its illustration of American themes, it has ever been even approached, much less excelled. It has a large page and gives a great variety in its contents than any other of the Standard American Monthlies.

In literary character, and in the brilliancy and ability of its Editorial Departments, it enjoys an equal pre-eminence.

Its conductors started with the definite aim of making it the best magazine in the world, of which they have for a moment lost sight, and they point with pride and pleasure to the May and June numbers, recently issued and ask for them a candid examination and a careful comparison of their merits with those of other magazines; and they renew their pledge to the public, to strive for still higher excellence in the future.

A considerable demand has recently arisen in England for Sir. Nicholas, Scribner's New magazine for boys and girls, one publish er desiring to secure an edition of three thousand of first bound volume (when completed) with his imprint.

The success of St. Nicholas in this country has been even more remarkable than that of Scribner's Monthly. It is pronounced to be "an ideally perfect magazine for children" re and, as is the case with all the best literature for children, it has been found to possess surpassing interest for grown-up readers, as well.

The influence of the periodicals of the day can scarcely be estimated, especially upon the rising generation. Parents and teachers cannot afford to be indifferent to this influence, or careless in relation to the character of the literature furnished to the children outside of their school lessons. In St. Nicholas not only are History, Natural Philosophy, Literature Fine Arts, and manufactures presented in and attractive way to young readers, but the children are stimulated to seek information for themselves.

The Publishers will send to any address a specimen number of St. Nicholas, postage pre-paid, on receipt of ten cents, the bare cost of paper and printing. The magazines are sold by all firstclass Booksellers and Newsdealers, everywhere.

CURED BY POND'S EXTRACT

(J. N. H.).

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion of Inflammation of the Liver and Visceral Organs in Bilious Diseases.

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood,

Mechanical Diseases,—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Jaundice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

OF VALUABLE

NORTH CAROLINA LANDS,

FOR SALE BY

GEORGE D. POOL.

Real Estate Agent,

ELIZABETH CITY, N. C.

In presenting my list of lands and other properties for sale, I would say that no section of the United States offers such inducements for capitalists and emigrants, as this section of North Carolina. In longevity and healthfulness, it will compare favorably with any where; and in easy and cheap transportation of products to market, in pleasantness of climate, in the sociability of the people, in great fertility, and durability of soil, no section can equal it.

There are fourteen steamers most of them of large size—now plying between this place and Norfolk, Va., and Baltimore, making the town easily accessible to emigrants, and the means of cheap water transportation for farm products, and other articles, unsurpassed. In addition to this a railroad,

A railroad will soon be built to Norfolk, putting this place in direct communication by Rail, with the whole United States. This together with our great fishing, farming and manufacturing interests, and certain early completion of already projected works of improvement for putting in nearer, cheaper and easier communication with the Ocean, will render this one of the most important commercial, and manufacturing points on the Southern country.

A desirable farm of 260 acres—one third cleared, and the balance covered with the most valuable timber the country affords is offered for sale. It is six miles from town, one mile from navigable water, has four buildings, is in a good neighborhood, and on a very public road. There is a school within one mile and a church within two miles of the place. The land produces finely, corn, cotton, wheat, oats, &c., and is offered for the low price of $15 an acre on easy payments.

Another farm equally valuable as the above containing 186 acres is offered for sale for $1,600, one half cash, balance in a year with interest. This farm is within one mile of a navigable river, is only one mile from a church and school house, has good dwellings and all necessary out-buildings upon it, is mostly cleared, and is very productive. It is only six miles from this town, and is within two miles of the town of Nixonton.

A farm 490 acres 2 miles from town is offered for $18 an acre. This is rich land is mostly cleared, and has good buildings. On account of its locality and productions it is very desirable.

A valuable farm of 219 acres is also offered for sale for $1,500, one half cash balance in a year. This farm is two miles from the town of Nixonton, and seven miles from Elizabeth City. It has good Buildings, is on a public road, and in a good neighborhood where school houses and churches are near. Two-thirds of this farm is cleared and in fair cultivation, and the balance abounds in good timber. There is a great bargain offered in this farm.

A valuable farm of 200 acres nearly all cleared is offered for $2,000 on easy payments. This farm is twelve miles from town, is near a navagable River is easy productive, in a good neighborhood, on a public road and very near a church and school house. This too is a desirable purchase. Also a farm of 400 acres 3 miles from town is offered The land is rich, the buildings are fine and it is mostly in fine cultivation. Price $25 per acre.

A farm of 500 acres in Pasquotank County, 6 miles from town, and one mile from the River, with good new dwelling built in modern style, barn, stables, four tenant houses scattered over the farm, fine water, &c. This farm is situated on the most public road in the County, has 300 acres cleared and balance in splendid pine, oak, cypress, maple, sweet gum, and other valuable timber. It is peculiarly adapted to raising cotton, $50 per acre, net, having been realized on a part of it this year in cotton. It also grows corn, wheat, oats, and other crops well. Price $12,000 in easy payments.

Three farms—one of 100 acres, one of 80 acres and one of 190 acres, within two miles of town, mostly cleared land. Price $20 per acre for each tract—payments on easy terms. Also many other valuable farms and town lots too numerous to mention.

Sarsaparillian Resolvent

THE GREAT BLOOD PURIFIER.

HAS MADE THE MOST ASTONISHING CURES: SO QUICK, SO RAPID ARE THE CHANGES THE BODY UNDERGOES, UNDER THE INFLUENCE OF THIS TRULY WONDERFUL MEDICINE, THAT

Every Day an Increase in Flesh and Weight is Seen and Felt.

Every drop of the SARSAPARILLIAN RESOLVENT communicates through the Blood, Sweat, Urine, and other Fluids and juices of the system the vigor of life, for it repairs the waste of the body with new and sound material. Scrofula, Syphilis, Consumption, Glandular Disease, Ulcers in the throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumorous discharges from the Ears, and the worst forms of Skin diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all weakening and painful discharges, Night Sweats, Loss of Sperm and all wastes of the life principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the SARSAPARILLIAN will and does secure—a cure is certain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing.

Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases; but it is the only positive cure for

- Kidney & Bladder Complaints,

Urinary and Womb diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and when there is a pricking, burning sensation when passing water, and pain in the Small of the Back and along the Loins.

The Saturday Evening Post.

The Oldest and Best Story Paper Published.

Founded August 4th, A. D. 1821.

For more than half century the SATURDAY EVENING POST has been the

GREAT LITERARY WEEKLY

of the Country, and has ever born a widespread and unblemished reputation for the unsurpassed purity, refinement and excellence of the Serials, Sketches and Miscellaneous readiug matter.

It is pre-eminently

THE BEST FAMILY PAPER

that is published in this county, from its never containing anything that would offend the feelings of any one, either in a religious or political sense, or that could not be read at any fireside without objection from the most fastidious.

The circulation of the Saturday Evening Post, though not quite so large perhaps, as its younger contemporaries, is not, like that of some of them, fluctuating, and too often short lived, but

SURE, SOLID AND SUBSTANTIAL,

based upon the intrinsic merit of the paper itself, and not dependent on any extraneous influences, such as the popularity of individual writers, &c.

Good, however, as the Saturday Evening Post has been in the past, it is our intention to make it still better in the future, and with this object in view we will effect a marked improvement in every department of the paper and will call to our assistance writers of admitted ability and known reputation.

By increasing its former attractions, and adding many judicious and pleasing novelties by studying how to please and cultivate the popular taste, by increasing industry and enterprise, and by enlarged facilities, we hope to make new friends with each and every issue, and continue to maintain the claim of the Saturday Evening Post to its title of *The Oldest and the Best* of Family Story Papers.

THE GREAT BALOON.

You've heard about the great balloon,
In which Professor Wise
Proposed to go to Europe,
By sailing through the skies,
He proposed to show the people
A quicker way for trips
Than ever had been known before,
By sailing o'er in ship.

Well everything seemed lovely
Upon that Autumn day,
When they began to pump in gas
To bear the barge away.
They pumped and pumped with all their power,
And things seemed nigh adjusted—
When there came an awful crash,
And the mighth bubble busted.

It's ever thus in human life,
Go whereso'er we may,
The darkest night will oft succeed
The brightest, sunniest day,
There are exceptions to this rule,
Where all the days are fair,—
For one, go down to JOHNSON HALL,
You'll find things all right there.

We've thought it best in cases like this,
This little fact to mention;
You need net ferr that they'll inflate
Beyond their power of retention.
And when they undertake to go
Their geer's so well adjusted,
They'll move straigh forward to their work,
With no fear of being "busted."
